## **IPACS appoints HillsLogis Co. Ltd, a Korean company specialized in providing logistics consulting and engineering services, as our Korean Partner.**

HillsLogis, IPACS' newly appointed Korean partner was established in 2002 by CEO Mr. Austin Park, who has rich background in providing logistics and engineering consultancy services to many large Korean organizations, including the Samsung conglomerate and the Korean Airport.

As such, IPACS sees strong synergy and hence is pleased to have appointed HillsLogis to be our strategic Korean Partner for marketing our logistics suite of solution to Korean companies.
